### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1-40, 46, 48-56, 58, 61, 62 have been canceled.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest the recitations of the specific features of the method, of claims 42, 43, 44, 64, 65, 66, including especially the following:

The primary reason for the allowance of independent claim 42, is the inclusion of the step of filtering microsaccades, claimed in combination with the signal representing eye tremor, the reference value, and the classifying brain stem function.

The primary reason for the allowance of independent claim 43, is the inclusion of the step of selecting an eye tremor signal window, claimed in combination with the signal representing eye tremor, the reference value, and the classifying brain stem function.

The primary reason for the allowance of independent claim 44, is the inclusion of the step of reducing signal interference from a power supply, claimed in combination with the signal representing eye tremor, the reference value, and the classifying brain stem function.

The primary reason for the allowance of independent claim 64, is the inclusion of the step of filtering microsaccades, claimed in combination with the signal representing eye tremor, the reference value, and the classifying brain stem function.

The primary reason for the allowance of independent claim 65, is the inclusion of the step of selecting an eye tremor signal window, claimed in combination with the signal representing eye tremor, the reference value, and the classifying brain stem function.

The primary reason for the allowance of independent claim 66, is the inclusion of the step of reducing signal interference from a power supply, claimed in combination with the signal representing eye tremor, the reference value, and the classifying brain stem function.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Fadi H. Dahbour whose telephone number is 571-272-4792. The examiner can normally be reached on M-F, 9am-5:30pm est.
